ASSOCIATION OF SUPPLY CHAIN PROFESSIONALS

India's Premier Professional Body for Supply Chain & Logistics Excellence

The Association of Supply Chain Professionals (ASCP) stands as India's first home-grown professional body dedicated exclusively to the advancement of supply chain and logistics excellence. Registered in 2017 under the Societies Registration Act, 1860, ASCP has evolved into the nation's authoritative platform for practitioners, thought leaders, academics and industry stakeholders committed to elevating the profession to global standards of competence, ethics and sustainable impact.

VISION & PURPOSE

ASCP is dedicated to developing trained and competent supply-chain professionals as value-based leaders with a global mindset. We articulate the genuine needs of the profession, stimulate innovative practice, foster skilled talent, and influence policy — always with a commitment to operational excellence, ethical conduct and environmental responsibility. Our mission is to become the indispensable partner for members navigating an increasingly complex global marketplace.

SIGNATURE CONFERENCE — INDIA'S #1 SUPPLY CHAIN FORUM

At the heart of ASCP's calendar stands the Annual India Supply Chain Conference — widely recognised as India's premier and longest-running international supply chain gathering. Conceived and pioneered since 2007 and brought under the ASCP aegis in 2017, this distinguished forum consistently attracts senior practitioners, policymakers, global experts and academic leaders. Themes have progressively evolved toward **"Supply Chain to Responsible Chain,"** addressing resilience, sustainability, digital transformation, talent and the circular economy. The 2026 edition, to be held on 11 September at Taj Santa Cruz, Mumbai, carries the theme **"Supply Chain to Responsible Chain: AI Optimism 2026"** with Japan as Focus Country — underscoring ASCP's growing international stature.

HISTORIC INDIA-JAPAN PARTNERSHIP

On 22 July 2026 in Tokyo, ASCP signed a landmark Memorandum of Understanding with the Japan Association for Logistics and Transport (JALoT / 物流連) — JALoT's first-ever overseas partnership. This strategic collaboration focuses on digital transformation (DX), sustainability, knowledge exchange, talent development and enterprise networking. JALoT serves as Exclusive Supporting Partner for ASCP's Annual Conference, marking a new chapter of practical Japan-India synergy in logistics and supply-chain excellence. The partnership positions ASCP as the principal Indian gateway for Japanese logistics institutions seeking on-the-ground insight and collaborative opportunity.

ALL-INDIA PRESENCE & ACHIEVEMENTS

Headquartered in Mumbai with active regional chapters and leadership across Eastern, Southern, Central and Delhi NCR regions, ASCP maintains a truly pan-Indian footprint. Beyond its flagship conference, the Association has convened specialised regional conclaves, Green Leadership Awards, academic collaborations and policy-oriented dialogues. Members gain privileged access to premium events, specialised committees, the Annual Networking Dinner, and a curated network of senior professionals shaping India's logistics landscape.

AN INVITATION TO DISTINCTION

Membership of ASCP is an affirmation of professional excellence and a commitment to the highest standards of the supply-chain craft. Whether as an individual practitioner, a corporate institution or an academic partner, affiliation with ASCP confers access to India's most influential network of supply-chain leaders and a seat at the table where the future of the profession is being shaped. We invite discerning professionals and organisations to join this distinguished community and contribute to the continuing elevation of India's supply-chain capability on the global stage.
